

Connecting the Medicaid & ACA world

In today's digital era, government agencies are not just buying software, they are investing in higher levels of technology maturity for the enterprise. Softheon's MITA-aligned, HIPAA compliant financial management service is the missing piece for state agencies looking to achieve this high level of technological maturity. The components of our Medicaid Administrative platform include:

Invoicing

- > Automated schedule
- > Custom templates
- > Seamless fulfillment

Reports

- > Secure & automated
- > On-demand custom reporting
- > Comprehensive data capture

Adjustments

- > Manage accounts receivable
- > Cross system reconciliation
- > Real-time balance adjustments

Capitation

- > Monthly data extract
- > Automated alerts
- > Monitor & measure performance

Premium Billing

- > Multi-channel payment options
- > Online member management portal
- > Integrated payment processing

Member Outreach/Engagement

- > Automated notices & alerts
- > Manage eligibility information
- > Track member engagement
